

Bombardier Challenger 300

Launched in 2003 with a single objective: to offer a large cabin for the price of a light jet of medium size. This goal has been achieved. The Challenger is an excellent value for money, offering a wide cabin. The typical layout is a double living room for 4 people. Good option for medium-haul flights for up to 8 passengers from London to Tel Aviv or Moscow to Lisbon for example.

Specifications:

- Cruising speed 870 km /h
- Range 5,676 km
- Seats 10
